
HAVE YOU EVER HAD a mental lapse, then recover from it within just a few minutes too late to do anything about it?

We did at the City Council meeting on May 12 at which 50 residents appeared to show their support of the city administration in the current topless controversy.

And we will never live it down or forget it.

In fact many of our associates won't let us forget it.

And we can't blame 'em.

IN RESPONSE TO THE question put by Mayor Homer Hyde to the packed house: "How many of you are present because of the editorial last week in The Campbell Press?", approximately 50 persons heid up their hands.

It was a built-in testimonial to this paper and one that we will never forget.

And we sat there at the press table like a bump-on-a-log and didn't take the camera out of its case.

Those hands in the air should have been recorded on film, for it would have been a picture that we could probably point to with pride many years hence.

Seldom has a newspaper ever had such an outstanding opportunity to show so vividly that people do read its contents.

And we passed it up.

We didn't even recover when Jose Stell, of the Merc, who was also at the press table, leaned over to say "That should make you feel pretty good, George".

And to compound the felony, we had a second chance. And muffed it.

The odds on that are pretty slim but we managed somehow.

Toward the end of the discussion, Mayor Hyde, after thanking the people for their loyalty and support, asked the people to again raise their hands so that they could have an accurate count of the number present for the record.

We didn't even come to for the long count.

We just helped count.

With the camera still unused.

AS A PROFESSIONAL newsman for more years than we care to enumerate, we cannot recall any time in the past that we had drawn such a blank.

But then again we can't recall a like situation in which we were so deeply involved and felt so proud of our little old newspaper.

When the discussion was over and the chambers had emptied, we came to.

But then it was too late.

Psychiatrists possibly can explain what occurred.

For sure we can't.

We only know we didn't pictorially record one of the best examples of response to a community newspaper editorial that we have ever known.

Maybe the pictures wouldn't have turned out anyway.

ANOTHER DISPLAY OF community support was manifest at the third annual police dinner last Thursday when citizens and police officers packed the Sveden House.

The dinner has become a tradition in this community as part of Police Appreciation Week. But in Campbell, the police department, under Police Chief John Morgan, turn the tables and host the citizens to show the department's appreciation of community support throughout the year.

The affair is divided into two parts: (a) the serious and (b) the fun side and with John, as master-of-ceremonies, it always is one of the most

Police host citizens

Campbell police last Thursday at the Sveden House turned the tables during Police Recognition Week and at the third annual police dinner, indicated their appreciation for the community that they serve.

Awards were made to the citizens-of-the-year. District Attorney Louis Bergna, who made the principal address, received the man-of-the-year plaque. He is on the far left in the accompanying photo spread with Police Chief John Morgan at the mike.

Miss Christine Flynn, dean of girls at Campbell High, was cited as woman-of-the-year. (She is receiving the award from Morgan in the photo on the far right.)

In the second picture on the left, the tables were again turned. Three students at Campbell High on behalf of the Student Council "cite" the police department with a certificate of appreciation from the student body. Shown with Morgan are Ed Guerra, student vice-president; and Terri Young, council member. Not shown is Jim Gaddis, another council member.

In the second photo from the right, Chief Morgan presents Dr. Dick Jacobs with a special award. Dr. Jacobs, who has been the "city doctor" for many years, plans to settle in Israel.

Mayor and Mrs. Homer Hyde, Mrs. John Morgan and Mrs. Bergna can also be identified in the photos.

City seeks funds for open space

Campbell plans to apply for $207,500 in federal "open space" funds through ABAG (Association of Bay Area Governments), City Manager Bob Stephens reported this week.

Stephens said that Council action will probably be taken at the City Council meeting next Monday, May 26, on the application which, under a formula that has been adopted, allows for matching funds from the federal government in the open space program. Stephens explains that the city is asking for financial assistance in site acquisition and development.

In another major matter on the agenda Monday night will be the discussion on proposed plans for the Campbell Ave. interchange and/or off and on ramps at Highway 17.

At a meeting on Monday, John Watson, assistant district engineer for the state highway department, displayed five possible plans for the intersection that has been drafted by the state at the request of the City.

The estimated costs for the five plans ranged from a low of $2 million to more than $4 million, including the improvements and rights-of-way.

One of the plans included a full interchange at Campbell Ave. and the elimination of the Hamilton Ave. off and on ramps while others were variations of collectors roads at grade and otherwise that connect Hamilton and Campbell avenues.

The City Council is seeking approval of the plans by the state highway engineers and then subsequent submission (and approval hopefully) of the State Highway Commission.

On the agenda also for the meeting is the appeal of Sam Ashigo of Pan-Pacific of a Planning Commission denial of a zoning request that put C-H (highway commercial) zoning on property off Sunnyoaks on which a convenience market is planned.

LOOKING AHEAD---One of the features of the $625,000 park bond issue before the electorate on June 10 is that $80,000 has been earmarked for development jointly with the schools of neighborhood parks at eight schools within the city limits.

Above three students at Hazelwood School practice their softball ability on the undeveloped portion of Hazelwood which could be improved into a recreational area under the program. In the picture, Jackie Sinn, 530 Kenneth, is the catcher; Robin Hofheins, 609 Louise Court is the batter; and Jane Bendick, 940 Linda Drive is "on deck".

Election June 10

Neighborhood parks to get $$ help from bonds

Campbell's $625,000 park bond issue which goes before the electorate on June 10 has the unique built-in feature of providing the necessary $ $ $ incentive for the development of neighborhood parks throughout the city in cooperation with the schools and parent-teacher organizations.

Of the total issue, $80,000 has been earmarked for "seed" for the improvement of what is now unimproved school district property at eight different elementary schools within the city limits.

According to the formula that has been developed, each of the eight schools, seven in the Campbell district and one in the Moreland district, can be allocated $10,000.

These funds will supplement contributions that the school district or parent-teacher clubs will put into the improvement of now weed-covered school properties which can be then utilized by the neighborhood for recreational purposes.

The seven Campbell schools involved are, San Tomas, Hazelwood, Rosemary, Dover, Capri, Forest Hills and Rolling Hills. Coventry School of the Moreland District will also participate.

The governing boards of both school districts, as well as the various home and school clubs, have enthusiastically endorsed this novel approach to a joint development for the benefit of the people in the eight neighborhoods.

The neighborhood parks will in no way be in "competition" to the central Rincon Park. The central park will offer recreational facilities that cannot be placed in the smaller areas.

The expansion and improvement of Rincon Park will take the major portion of the $625,000.

The bond issue will provide funds for the acquisition of an eight-acre parcel adjoining a tract now owned by the county.

One of the outstanding points for the development and expansion of Rincon Park, civic leaders emphasize, is that there is also, adjacent to the property, an unim-

Possible third Drive-in screen concerns city

Traffic conditions are bad now in the McGlincey area because of the two-screen Winchester Drive-In Theater and will be compounded, if a third screen is added on a virtually landlocked parcel owned by the theater.

That was the contention of residents who attended the public hearing Monday night at the Planning Commission on proposed land use amendments to the "McGlincey Neighborhood Use Plan".

The commission decided to defer decision in the sticky issue until June 7.

The theater people maintained that the theater was only a part of the cause of the

Forest Hills School "unveils" patriotic mosaic at 7:30 p.m.

On Wednesday night at 7:30 p.m., the gigantic patriotic mosaic on which the 800 children of Forest Hill School have been working since last January, will be unveiled and dedicated in an impressive ceremony.

The tile mosaic titled "National Monuments" was hung Monday on a blank wall in front of the school at 4450 McCoy Ave. Unveiling ceremonies are planned for Monday evening, and according to Fred Peterson, principal, the children are so excited about the dedication ceremonies, that letters of invitation have been written to President Nixon, on down.

Local school officials, including Neal Royer, superintendent of the Campbell Union School District and members of the Board of Trustees are invited to see the colorful piece of work which involved 23,137 pieces of tile ranging in size from the tip of a pencil to a half dollar and using all the colors available.

The patriotic theme was chosen by the children of the school and the different panels show the United States and California flags, the Lincoln Memorial, the Statue of Liberty, the American Eagle and the Liberty Bell.

Judge to rule on topless case Thursday May 28

On Thursday, May 28, at 11:30 a.m., Judge E. P. Taylor, of the Los Gatos-Campbell-Saratoga Municipal Court will make a judicial ruling in Campbell's controversial topless case which could have a far-reaching effect on municipal legislation throughout the state.

Judge Taylor's decision will be based on the presentation made in his court on Thursday, May 15, by City Attorney Joe Bonacina and attorneys for the Classy Chassy, Dave Finch and Robert Tennant.

Attorneys for the S. Bascom beer tavern, which features topless entertainment, conceded in their presentation that their clients violated the city's anti-topless ordinance.

The owner of the Classy Chassy, Michael D. Poulin, and two of his entertainers had been arrested by Campbell police for the ordinance violation.

However, their attorneys maintain that the city's right to regulate such activities has been preempted by higher authorities and thus the Campbell ordinance is unconstitutional.

Finch, in his opening statement, argued that the question of morals was not before the court. He questioned the stated basis for the passage of the ordinance and criticized the phrase that Campbell is a "community of homes, churches and schools", because it was an incomplete definition of what makes a city.

He said he was not criticizing the councilmen, only the rationale they used in adopting the ordinance.

Finch's associate, Tennant, followed up by citing various judicial decisions, ranging up to the Supreme Court which, he claimed, clearly showed that the city had no right to regulate such activities.

He maintained that in one case, specifically, the court had ruled that topless dancing was a form of "expression" and thus was protected under the bill of rights for free speech.

Bonacina, in his argument, quoted from the preamble of the constitution to show that a governing body by the preamble could legislate for the purpose of maintaining "domestic tranquility" and to "promote general welfare".

He emphasized that was exactly what the Campbell City Council had done in this instance.

He also quoted from judicial decisions to show that, in his opinion, the state had not preempted the specific field covered by the ordinance.

Bonacina also maintained that the City of Campbell was fighting for the preservation of an orderly community and the prevention of possible violence and disorder that, based on actual experience of the city, could stem from such operations.

After hearing the arguments and rebuttal, Judge Taylor announced that he would make a decision on Wednesday, May 28, at 11:30 p.m. and informed the attorneys that they could submit additional written statements before that time.

The hearing had originally been set for 4 p.m. but was delayed because of a prior case. However, a representative group of interested citizens of Campbell patiently waited for the case to begin and then sat through it to adjournment at 6:15 p.m.

Ironically, a number of them, including Police Chief John Morgan, had to rush from the courtroom to attend the annual Police Appreciation Dinner.

Editorial

Save Our Parks

Benefits for Everyone

The benefits that everyone in the Campbell area will receive from the proposed community recreation park are impressive. The key word is EVERYONE. Too often we think of a park as a playground for our youngsters. This proposed development will guarantee something for everyone.

What benefits can you expect when you vote YES on the park bond issue?

It will provide Campbell with a large, centrally located area of open space that can not be invaded by creeping asphaltism. We find open space in too few areas today.

A 23.43 acre facility will allow the various developments that everyone can enjoy. From a tot lot to a gathering place for senior citizens. From a Pony League baseball field to horseshoe pits.

The passage of this bond issue will give the City the green light to attempt to obtain federal matching money for the park project.

Unused Land Development

What is the point of having unused lands? Once they have been purchased, shouldn't we try to utilize them?

The bond issue is asking for $80,000 to be used among eight elementary schools: San Tomas, Hazelwood, Rosemary, Dover, Capri, Forest Hills, Rolling Hills and Coventry.

But what can additional development of the schools provide for you? THIS WILL NOT BE ADDITIONAL SCHOOL DEVELOPMENT, but development of lands which are presently vacant into neighborhood parks. The development will not be done by the school districts, but by the City in conjunction with the school districts.

Why should we have neighborhood parks if we have a community park? It isn't always practical to go to the larger facility for an hour or so some afternoon. The development of school lands will lay the groundwork for having a park site within a quarter mile of virtually every resident in the city.

The lands are already there. You have already paid for them. Why not put them to better use?

Cost

Is the need for open space for yourself and your children worth a couple of pennies a day to you? That is all the park bond issue will cost.

The bond issue calls for $625,000 of which $80,000 will go to the development of school lands for park purposes. The rest will be divided among land acquisition, master planning, and minimal development. $625,000 sounds like a lot of money, but it will add only 10 cents per $100 to the current tax rate. This increase will mean only one penny a day to you.

If the market value of your home is $20,000, your tax increase for one year will be approximately $5.00. For a $30,000 home, there will be a $7.50 increase, and for a $40,000 home, a $10.00 increase.

Now or Never

Will the citizens of Campbell ever have another chance to gain a community park? If the bond measure fails this time, the land is ticketed to be used for a four-story 288-unit apartment complex. This one bond measure is brought before the voters so that it will pass or fail solely on its own merits.

How badly does a city need one centrally located area where its citizens can 'get away from it all'? Do you want to be surrounded by concrete and asphalt everywhere in your city?

The Rincon Park area is the last remaining open space area in Campbell where such a community facility can be located, and this is the last time the City will be able to place it on the ballot. THIS IS YOUR LAST CHANCE.

What Can You Do?

Think about the advantages of having a community park. Think about the good that will be provided everyone. This is only possible if the June 10 bond issue is passed.

What can you do? Most important, take a few seconds June 10 to vote YES for the park bonds. That is everyone's responsibility.

If you want to do more, convince one neighbor of the worth of this bond issue and the importance of his YES vote June 10.

If you realize the good of Campbell depends on the passage of this issue, talk to your friends and business acquaintances.

But whatever you do, vote YES June 10.

FUTURE DEVELOPMENT—Under the city park bond proposal of $625,000 before the electorate on June 10, neighborhood parks can be developed on unimproved portions of school property. Above a group of students and a teacher from Hazelwood School are pictured on the now unused portion at Hazelwood which could benefit from the city program which would allocate $10,000 to each school in a joint improvement project.

enjoyable evenings of the year.

District Attorney Louis Bergna (who, incidentally, was named the citizen-of-the-year by the department) was the principal speaker on the "serious" side, offering both self-provoking problems as well as possible solutions.

Then after the award to Miss Christine Flynn as the woman-of-the-year. MC Morgan smoothly handled the kidding side of the evening in a manner that would have been a credit to any pro.

WHAT MADE JOHN'S performance at the mike so outstanding to those of us who knew the situation, was that our police chief had just spent one of his most trying days at his job.

But you wouldn't know it by John's actions.

We probably should mention here that one of the fun awards of the evening went to your editor.

We received an especially–bent golf club that apparently had already been wrapped around a tree.

We appreciated the award, although were somewhat mystified by it.

We thought everyone knew that we never blow or lose our temper at home, at the office, in print or on a golf course.

All sweetness and light. That's us.

Okay, okay. Our fingers are crossed.

ACCORDING TO A COMmunication we received this week from "The Association of Metropolitan San Jose", we have received another "honor".

The letter starts out: "YOU have been selected as one of the DECISION people of San Jose".....

The letter adds that at a meeting we will be shown what lies ahead in the "tremendous task of building an image of greatness for the City of San Jose".

The "honor" of being selected for such an epic task was somewhat tarnished by the form letter on which our name had been typed in.

How this small town boy got on the list in the first place is a good question.

Still we will be willing to be a "DECISION" person for San Jose, as soon, of course, as the job here in Campbell is finished.

That could take a little time, so until then the other DECISION people in the big leagues will have to struggle along without us.

ONE OF THE OVERSEAS readers of The Press (Vietnam division) has informed his mother, a stateside subscriber, that his Campbell Press continues to arrive in good condition.

Mrs. Verna Rancour, of 1140 San Tomas, recently stopped by the office to let us know that her son, Don Rancour, stationed with the engineers in Vietnam, reports that The Press generally arrives with the outside paper wrapper still intact.

We are happy that Don is getting the paper and apparently enjoying it.

His report speaks well, at least, for the quality of paper that is used for the wrappers.

We strive, of course, to make the contents as good as the outside.

At times we miss.

ALTHOUGH MANY OF the San Jose Council candidates had their signs confiscated in the April 8 primary election because they put 'em in Campbell, apparently the lesson didn't sink in.

Or maybe some of the candidates in the runoff (June 3) have more signs (and money) than they know what to do with, for here they go again, i.e., San Jose council candidates' signs sprouting within Campbell city limits.

It is strictly against a Campbell ordinance to put up a political sign for an election in which the electorate of Campbell will not participate.

But the dopey campaign workers for the San Jose council candidates either don't care about such trivialities as ordinances or stuff like.

traffic congestion.

The landlocked parcel, now zoned R-3 (multiples), is one of nine areas that are being considered for possible zone change in order to bring the neighborhood plan up-to-date.

Under the present zoning the theater-owned area cannot be used as part of the theater operation but the theater people have indicated they want to.

Michael diLeonardo, a Sunnyvale attorney, presented the theater's case at the hearing. He argued that the theater traffic was only a part of the traffic problem that affected the entire area and it was only of relatively short duration, going to and coming from the shows. He cited figures from traffic counts to show that the streets involved carried heavy traffic all the time and the theater crowd was not the sole cause.

diLeonardo presented figures that revealed that the bulk of the traffic to the theater came off the freeway down McGlincey to the theater entrance.

He also emphasized that the theater operators were striving to improve the flow into the theater by adding more cashiers.

The attorney pointed out that of a total of 800 cars on May 10, 515 of them came on the freeway, 99 from south on Union and 175 from north on Union. On a full capacity night (May 17), 776 came off the freeway, 217 from north on Union and 325 from south on Union.

However, Anthony Sota, of 2222 Central Park Dr., who said that the traffic was horrible in the entire area, maintained that the bottleneck was not the Union-freeway flow but the turnoff (Westchester) into the theater area. He claimed that the problem would not be solved by internal control. He had no answer to the situation only to emphasize that obviously, in his opinion, a third screen would make the traffic that much worse.

Another resident who emphasized the present traffic congestion situation was Bob Francis, of 701 Parkdale Dr. He said when the theater flow was at its peak, he could not even get to his home.

Also taking the mike in opposition to any change of zone that would allow a third screen was Fred Sahadi, owner of a huge apartment complex and a mobile home park in the immediate area to the theater.

Sahadi reiterated the charges that traffic congestion was largely caused by the theater-goers and emphasized that a third screen would compound the evil.

He added that, as owner of adjacent property to the landlocked parcel, he would be willing to give access, if the area was developed for medium density.

He also added that when approval was given the two-screen theater, the theater owners were well aware that the adjacent parcel was zoned R-3 as part of the overall plan and they should continue to adhere to the city's projection as other property owners did within the city.

On the motion of Commissioner Dale Scott, the Commission deferred action on the problem and the remaining seven elements up for modification until the next meeting on June 2.

Scott, in his motion, emphasized that the Commission was aware that an acute traffic problem now exists which had to be resolved before any action could be taken on any proposed zone change.

Commissioner Jack Healey added that there were many divergent views on the subject of the traffic congestion and its cause. The theater people claimed that their part was only minor while the residents emphasized it was major. He felt that the Commission had to explore all facets of the situation.

Chairman Ed Pack suggested that the theater operators had to cooperate both internally and externally if the traffic situation was to be bettered.

In other matters before the Commission, approval was given Richard Smith of U-Haul Rockery, 46 N. Harrison, for a garden display use on the property and for plans presented by Pescado Corporation for a restaurant located at 423 E. Hamilton in a C-1-S zone.

The commissioners denied without prejudice the application of Paul Bodanich for a 242-unit apartment complex at 629 W. Hacienda because they felt the density was too high.

They also denied the appeal of Mares Coiffures for a roof sign at 1590 Winchester Blvd.

Approval was given Mr. and Mrs. Howard E. Guilbert for a two-year extension of a use permit that would allow them to lease their residence to West Valley College. Approval hinged, however, on the fact that the conditions specified in the original use permit must be complied with.

Approval was also given the zone change application submitted by Horace Wilson (represented by John Peed of the Red Carpet Realty firm of Los Gatos) from R-1 to R-2-S. Peed explained that it was planned to construct a modern apartment complex on the site that would improve the area, which is only three doors from the CofC office at 100 W. Rincon.

Approved also was the request of Calvary Temple Church of Campbell for interim zoning for a year that would allow a day nursery operation at 202 Railway.

The commissioners also approved the interim zoning request of David R. Bittle which would allow him to move his contractor's storage yard from the creek bank on Dillon to 230 Dillon.

Continued, however, at the request of Jack Dawson, local attorney representing the applicant, was action on the interim zoning request of Courtesy Tow Service that desires to store wrecked, impounded and abandoned vehicles at 202 Railway, the site of the infamous "outhouses".

Objections have been filed against the request by the Campbell Citizens for Beautification, the Campbell Garden Club and other civic organizations, including the JayCees (represented at the meeting by Nozer Haladwala, president). The community groups emphasized that attempts have been made for years to clean up the outhouses along the creek that are in full view from the freeway. They maintained that wrecked cars would not be much of an improvement to the area.

Under the provisions of the interim zoning that is now in effect for the Gilman, Dillon, Railway area, special permits must be submitted for approval to both the Planning Commission and the City Council for any change in the present status of the area.

In a final action the Commission approved the modification requested to the proposed Planned Development of Sutter Hill at 850 W. Hamilton and sent it on to the City Council.

Redevelopment

Members of the Downtown Revitalization Committee, headed by John Faber, Chamber of Commerce officials, city officials and representatives of other civic organizations as well as all interested citizens are urged to attend the "redevelopment" meeting this Wednesday (May 21) at 8 p.m. in the city hall.

Of course, it could be true that the candidates or their supporters don't know where they are going.

We'll buy that reason.

INCIDENTALLY THAT was an interesting hearing in Judge E.P. Taylor's court on the topless case, Dave Finch and Bob Tennant presenting the topless side and City Attorney Joe Bonacina handling the situation for the City.

We thought that Bonacina did an excellent job in his presentation. It is also only fair to say that Dave and his associate did quite well also.

The judge will render his decision on May 28. Do you want to flip a coin?

During one of the recesses, a little old lady came up to us and asked, if we had anything to do with the case.

She said we looked theatrical.

Ralph Doetsch, who overheard her, got a big charge out of it.

And, we haven't even let our sideburns grow!

PTA News

SAN TOMAS

The San Tomas School library was turned into "a little bit of Hawaii" recently on the occasion of the annual faculty and administrative staff luncheon. It has become the custom for the PTA to use this method of saying "thank you" to the staff for all their work and help during the year.

Hawaiian flowers decorated the tables and Hawaiian music filled the room. Hawaiian styled dresses were worn by the PTA ladies as they served the guests lettuce leaf cups with chicken salad and exotic fruit salads.

Robert Lemmerman, past president, presented the teachers with a gift from the PTA. Bryce Hedlund, fourth grade teacher accepted with thanks the set of stainless steel tableware.

Gifts of bracelets with the years of service engraved on them were then given to the teachers that will be leaving San Tomas this year. Receiving these were Mary Bailey, third grade; Diane Machado, first grade; Kathryn Brandenburg, third grade; and Georgia Walker, kindergarten.

In charge of the afternoon affair was Mrs. Alden Peterson, Hospitality Chairman, and Mrs. Phillip York, co-chairman. Also serving the guests were Mesdames Albert Napier, Allen Boyack, Ron Christensen, Robert Lemmerman, Wayne Voigt, Grady Prescott and Tom Bishop.

CHANGING OF THE GAVEL---Dean Brown, on the left, received the Del Mar High School PTA presidential gavel from Mrs. Robert Landreth during recent installation ceremonies. Others who will serve with Brown are Mrs. Reed Surber, vice-president; Mrs. Wright Kawakami, second vice-president; Dr. Nicholas Montesanto, third vice-president; Mrs. Gordon Brooks, recording secretary; Mrs. Wilbur Humburg, corresponding secretary; Bill Rickers, treasurer; Carl Uiberhoer, auditor; Mrs. Paul Neil, historian and Mrs. Robert Landreth, parliamentarian.

Bonnie Atkinson chosen Girls State delegate

Bonnie Marie Atkinson, a junior at Campbell High School, has been chosen to attend the 26th session of California Girls State, sponsored by the West Valley Unit 158, American Legion Auxiliary.

Girls State will be held June 23 to July 2 at the Davis campus, University of California. A total of 554 girls from all parts of California will attend the session and the number is limited to just one delegate from the sponsored high schools.

The high school faculty makes the selection and the qualities of leadership, character, scholarship, service and citizenship are the basis in making the selection. The crash program is a unique learn-by-doing course in civics, according to Mrs. Elma Ambrosini, Auxiliary Girls State chairman.

The West Valley Unit has also announced that two other girls will be sponsored from this area to attend the sessions. Christy McCaughey from Saratoga and Mary Jeanne MacLean from Los Gatos high schools have also been chosen as delegates.

Last year the Campbell High School delegate, Janie Wong, won the election for Governor and then went on to Washington, D.C. to be appointed Chief Justice.

Bonnie is the daughter of Mrs. Kathryn Atkinson of 400 Lawndale Ave. She is taking a college preparatory course and has been active as a song girl, Girls Sports and on the Spirit commission.

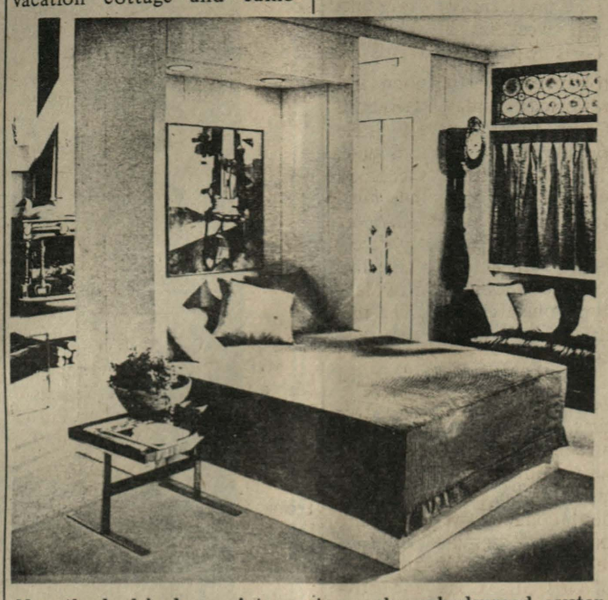
The Hidden Bed Has Come a Long, Long Way

During the Egyptian Civilization (2000-1,800 B.C.) a bed was developed that was made of wood and was hinged so that it could be folded up and carried when its owners were traveling. This cot was the first stow-away bed, and actually resembled the modern stow-away very much. It was the beginning of a long history of beds with many uses. Other early beds of the medieval period were used as couches in the daytime and as beds at night. But until recently dual purpose beds remained almost as uncomfortable as they were when first developed. Now a wide variety are available, from the faithful old studio couch to a new version of the beds that fold up unto a wall or closet.

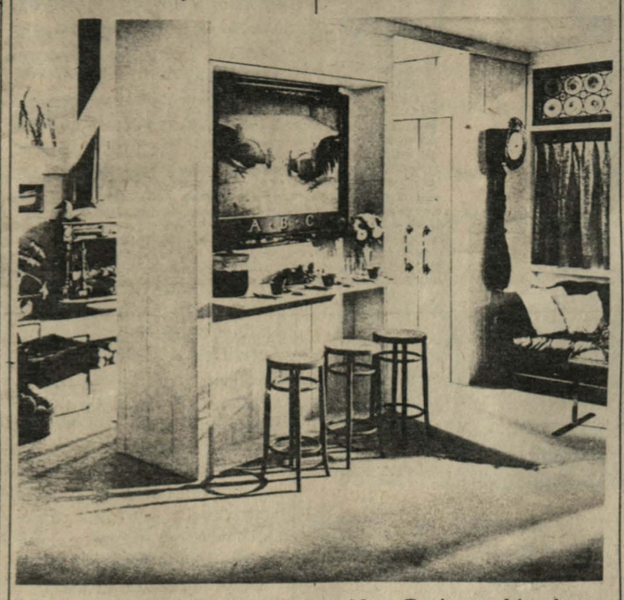
The most common has long been the convertible sofa that opens up to sleep one or two people. Until recent developments this usually meant a somewhat uncomfortable couch in the daytime and an even more uncomfortable bed for the unwary guest. Fortunately there are now sleep sofas that offer both day and night comfort of the highest quality. There are small loveseat size couches that open into beds; and king or queen size widths for comfort that may remind your guest of home.

The Studio couch continues to remain popular, especially for one room apartment people, but it is now far more comfortable and better looking than the old varieties our parents used to start housekeeping.

The bed that folds up into a small closet during the day is coming into its own again. Ving Smith, AID, fitted one of these into a divider wall of a vacation cottage and camoflaged it with an attractive breakfast counter. Above the counter he displayed a painting. When the counter and painting move out of sight electrically a queen size bed and a change of painting, is ready for two extra guests.



Now the bed is down. A tangerine corduroy bedspread, oyster white carpeting and pillows provide a bright, comfortable look. The comfortable Queen-Size bed is screened from the conversation.



Here is a flexible home bedroom idea. During waking hours the counter makes a charming breakfast nook or the perfect bar. Press an electric button and the Queen size bed comes out of its hiding place.

Closet Makes Room For Home Laundry

Let's face it. Many a home just doesn't have space for a fully equipped, dream laundry. Of course, a laundry doesn't have to be big to be efficient, but time was when even the most compact laundry center required four to five feet of wall space.

Well, rules change, and such is the case with a compact laundry. Four to five feet of space is still needed, for a pair of full-size laundry appliances, but a well-organized, completely automatic laundry area is possible with less.

Three steps led to this super-compact laundry. It was planned by the Maytag Home Laundry center.

1. **Removal of a closet yielded 42 inches of wall space.**
2. **A sink peninsula arrangement provided the convenience of a laundry close to the kitchen, yet separate from it.**
3. **A portable clothes dryer was wall-hung (over-lap fashion) over the peninsula and washer, with adequate clearance for the washer lid.**

Such a laundry arrangement can work equally well in numerous locations about the home — wherever this modest amount of space can be found. One advantage of this particular location is that it reduces plumbing expenses because of its proximity to the kitchen sink.

Detergents, bleach and other laundry aids store in cupboard above the washer, with additional space available in the corner base cupboard of peninsula unit. There's room here also for any soiled items that may need to be held over for a special-type load at a later time.

And, a step away, a tall cupboard stores an iron, ironing board and supplies.

IN JUST 42 inches of wall space, there's room for a complete, automatic laundry, because this portable dryer can be wall-hung. Porta-Dryer by Maytag.

Is "Sinkronizing" Next on the Agenda? It Could Add All-Round Convenience

It wouldn't be surprising if "sinkronizing" becomes the next big project on the home improvement agenda.

"Sinkronizing?" It means the convenience of running water, provided by sinks placed strategically throughout the house, to make home more livable and add enjoyment to today's way of life.

The word was coined by Elkay Manufacturing Company, makers of stainless steel sinks.

The swing to "sinkronizing" is steadily rising.

What busy homemaker wouldn't delight in a kitchen that features two sinks? Just imagine the luxury and convenience of being able to prepare meals at one sink while the other is utilized for clean-up, washing vegetables or mixing refreshments.

Utility or laundry room sink might double in duty for small gardening chores as well as the familiar role it always plays on washday.

Consider the versatility of a sink in the garage. It would save Dad steps after he does repair work or mows the lawn.

It would help keep the house free of tracked-in dirt, since youngsters could be demudded before they enter.

The patio is another ideal spot for a sink. The perfect host and hostess could be there all the while when serving a party or barbecue. Those absences, tripping back and forth to the kitchen, would be eliminated.

Even indoor entertaining seems more fun when the recreation room sink becomes the center of activity. This goes for the kids as well as the grownups.

For the young members of the family, a sink in the bedroom is a practical innovation. Supplied with towels and soap, smudgy fingers no longer mark up walls and furniture and the bathroom "traffic jam" is less likely to become a problem.

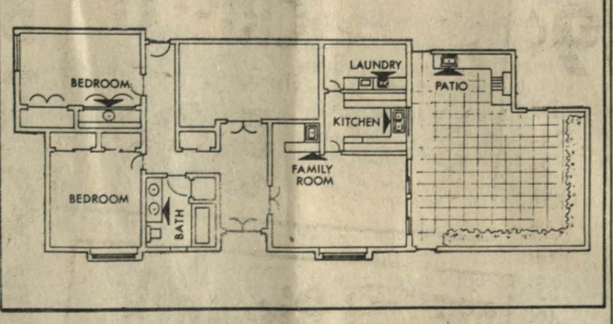
Three local students attending the University of California, Santa Barbara, have made the Dean's List for the winter quarter. Included among the 1306 undergraduates on the list were Kathryn Hunter Jones, daughter of Mrs. Eileen Mary Hunter, 1302 El Moro Dr., senior, history major; Richard Spencer Turner, son of Mr. and Mrs. W.S. Turner, 2025 Anthony Dr., a senior, English major, and Victoria Lee Luoto, daughter of Mr. and Mrs. P.V. Luoto, 733 Old Orchard Rd., a sophomore, political science major.



RUNNING WATER WHERE NEEDED IS trend-setting concept for up-to-date homes — witness this diagram, which suggests strategic placement of sinks, indoors and out, wherever running water could be useful. From Elkay, makers of stainless steel sinks.

The Girls' Sports coaches, Miss Donna Van Pelt, Miss Edna Avila, Miss Kathy Mc Carty, and Miss Betty Pace, along with activities director Mr. Fred Moon and Miss Marilyn Poncie accompanied the girls. The weekend was enjoyed by all the girls.

Campfire Girls entertain Mothers

COVENTRY SCHOOL

The 48 girls in the Campfire Girls program at Coventry Elementary School held their annual Father-Daughter Banquet in the school cafeteria on Friday, April 20. Their honored guest was Kenneth Walter, principal of the school.

Energetic Girls in the Spring was the theme. The tables were decorated with paper flowers made by the girls, attractively decorated placemats and pipe cleaner Campfire Girls.

Following dinner, the young ladies entertained their fathers. Mrs. Nellie Fairless's second grade girls did the Virginia Reel in charming costumes. Mrs. Lois Furtaw's second graders sang, and Mrs. Steed's third grade group put on a skit, followed by Mrs. Juanita Petty's fourth graders, "Laugh In". Mrs. Fran Sneed's fifth graders demonstrated five positions of their Lumi Sticks. The evening came to a puffing close with Daddies and daughters joining in relay races.

MARSHALL LANE SCHOOL

One hundred and fifty enthusiastic people attended the Father-Daughter Banquet in the cafeteria at Marshall Lane School. The 71 girls used spring as their theme with bright placemats and bouquets of spring flowers. Mrs. Marcia Burkhart's group had even made napkin holders for their dads out of juice cans cleverly decorated to look like golf bags.

Following a potluck dinner supplied and in many cases made by the girls, the fathers were treated to a program put on by the individual groups.

Mrs. Marge Jones' group of second graders welcomed the fathers and then sang for them. The third grade group with Mrs. Jo Humble as leader also sang. A clever idea was the Daddy Game (a take-off on The Dating Game on T.V.) which was presented by Mrs. Elaine Laflin's fourth graders. Hazel Chinini's fourth grade group performed a skit entitled "The Waking of Daffodils".

Mrs. Lois Tilley's fifth grade girls sang and the program was concluded with Mrs. Ann Robert's sixth graders doing Cry-Out, a take-off on Laugh In.

During the evening Marcia Burkhart's Junior Hi girls had a Mitch Miller sing-along in which everyone participated. They were accompanied by Karen Burkhart on the guitar.

FOREST HILL SCHOOL

On Saturday, April 26, the Forest Hill Campfire Girls held their second annual Mother-Daughter Tea. The tea was held in the school cafeteria. Mrs. Carol Blissard and Mrs. Wanda Siggers acted as coordinators for the event.

Mrs. Judy Kopecki headed the decorating committee, the theme being April Showers. Decorations consisted of large umbrellas filled with spring flowers. Table centerpieces of teapots filled with flowers adorned the tables for four.

The girls had prepared the food themselves for their mothers. They served openfaced sandwiches, cookies, coffee, tea and punch.

Ronald's second grade Bluebirds performed a "Welcome Mother's skit".

Karen Hanson's second graders did a flower dance spelling out MOTHER. The third graders in Ann Mances' group did the hula, while Judy Kopecki's girls did another type of flower dance. The program was rounded out with Margaret Wingo's fourth grade girls giving a skit on the History of Campfire and demonstrated The Lumi Sticks.

During the tea, entertainment was provided by the various groups. Jerry McDon-

MOTHER-DAUGHTER TEA-Forest Hill Bluebird and Campfire leaders and their daughters enjoyed a recent Mother-Daughter Tea at the school.

LUMI STICKS---Lindsay Wong, left, and Leanne Blisard on the right were two of the fourth grade Campfire Girls entertaining with lumi sticks at the recent Mother-Daughter Tea at Forest Hill School.

Also, they will perform three modern madrigals by Berger and one by Martinu, and will highlight the program with one of their own director's compositions "Agnus Dei" by Jewell, written in 1962.

The concert will close with a rendition of "Stomp Your Feet" by Aaron Copeland.

Any sale may be cancelled at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. 7. Upon receipt of the additional deposit and payment required in paragraph 5, the successful bidder may, in the alternative, meet either of the following terms:

(a) The balance of the purchase price to be paid in the form of cash, certified check, cashier's check or the equivalent in the sum of seventy-five per cent (75%) of the amount of the bid, payable in escrow within ninety (90) days after the date of acceptance of the bid by the Board of Supervisors; or

Need a summer helper? • Call the "YES" office

Employment files at the Youth Employment Services office reveal a wealth of untapped talents, according to Judy Rothwell, director, who has been working classifying the different job applicants.

For instances, two students have straight "A's" in electronics, and hope to be able to find work in the electronic field. One boy has high recommendations as a lifeguard, and would like to work as a lifeguard this summer, and several have worked as veterinarian aides and plan to become vets.

One girl is experienced in teaching arts and crafts and three straight "A" students who have been class officers, student body presidents and served on the council, plan to go into city administration fields and would like to work for the city of Campbell or other related fields this summer.

Metal shop worker? PBX operator? Medical secretary? Baby-sitting, yard work, delivery services (they all have their own transportation) and numerous potential secretaries are all waiting for opportunities to work during the summer or after school.

One unexpected field has opened up that was not originally thought of when classifying jobs, and that is as a "Big Brother" or "Big Sister". These jobs call for more than a sitter and the student filling a job in this category would be available for taking a younger child on outings, recreational trips or even in the case of a fatherless child, going on "overnight camp-outs". The possibilities of this opening could be endless, and Judy is sure that she will be able to fill all requests.

Twenty jobs have already been filled by the Youth Employment Service which has headquarters in the Campbell Chamber of Commerce office. A new telephone number, 378-1666, has been listed for the YES office, according to Jerry Arca, Campbell telephone office manager and YES chairman for the CofC.

Call for help there when a job opening occurs and give Campbell youth much needed experience.

License lifted

Officers of the Alcoholic Beverage Control Department, who last Thursday lifted the liquor license of the Classy Chassy, on S. Bascom, have been directed by the superior court to specify Thursday (May 22) why the license was revoked or to return the license.

The Classy Chassy is now facing charges by the City of Campbell that it violated the city's anti-topless ordinance.

Judge E. P. Taylor is scheduled to rule on the issue on Thursday, May 28, at 11:30 a.m.

Petitions signed by residents supporting the city's stand and opposing the topless type of entertainment within the city are being collected at the City Hall.

During the unveiling ceremony, parts of the panel will be revealed one at a time, and the class responsible for the panel will tell the story of the picture shown. The audience will also take part in the dedication with the singing of the national anthem and the song "America the Beautiful".

Hard working members of the mosaic committee will be introduced and given a vote of thanks for their dedicated work in creating the beautiful addition to the school.

The project has accomplished many purposes besides adorning the school. The pupils have had a firsthand study of the "National Monuments" and what they mean to the country, a lesson in art has been accomplished with each child in the school contributing his work in placing parts of the tile, and a community spirit has evolved bringing the school and parents in closer touch.

Lions to hear about phones

Building a telephone system so that anybody, anywhere, can talk with anyone else, any place in the world, will be the topic of discussion for the Campbell Lions Club at their evening meeting on May 27.

Robert Williams of Pacific Telephone will report on and demonstrate how "More Words - Less Wires" are being used today to create more efficient communication channels for the future.

The meeting will be held at Renzo's Restaurant in Campbell.

West Valley Sports

GOLFERS WIN

With a team total of 793 strokes, the West Valley College golfers won the Camino Norte Conference Medal Play Championship on May 12 at the Sonoma Course. DeAnza took a second place at the event but was 29 strokes off the pace set by WVC.

TRACK STAR

A lone Viking trackman will journey to the State Junior College cinder championships next Saturday in Modesto. Rich Dunn, WVC's ace triple-jumper, surprised no one by taking the Northern California title last weekend with a 49'-1¾" leap to more than qualify him for competition in Modesto.

Mike Toler, the nation's top 440 yard intermediate hurdler on the JC level, reinjured a hamstring muscle pull from his prep days and is out for the season. His time of 52.0 in that event is the best in the US this season.

SOFTBALL

After winning 11 straight intramural softball games, the defending champion Fly Swatters saw their win-streak broken as the Slash Whiplocks came up with a 14-4 shellacking to take a tie for first place in that league.

SUMMER USAGE

West Valley College has finally acquired a new campus. And this summer that campus will be put to good use as a Summer Outdoor School for children ranging in ages from 9-12 years and residing in the West Valley Joint Junior College District.

AWARDS BANQUET

The annual West Valley College spring sports award banquet will be held next Monday night at the Los Gatos Elks Club. The night will be a combination dinner and awards presentation with trophies being given to the top baseballers, golfers, tracksters, racqueteers and swimmers.

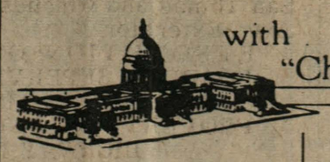
ON CAPITOL HILL

with "Charlie" Gubser



"No building department would approve the United States Capitol today, and would condemn it in its present deteriorated and dangerous condition, barring the public from the building." These are the words of registered architect Wilfred J. Gregson, who founded the Society of American Registered Architects, in testimony before a congressional committee.

The condition of the United States Capitol is so dangerous that contractors are forbidden to use dynamite on construction projects in the vicinity of Capitol Hill. The structure is in constant danger of collapse from a shock wave caused by a gas explosion, an earth tremor, or even a sonic boom. Sustaining arches could collapse in a chain reaction resulting in the death and burial in tons of rubble of many Congressmen, Senators and thousands of visitors.

In 1966, it was necessary to construct external shoreing of heavy timbers to hold up the west central front wall of the Capitol which had already bulged 4½ inches out into the court yard. Five such shores are also required to keep the famous west front architrave from collapsing. Cracks are visible in the stone masonry walls and pieces of decorative cornice as large as 17 inches have fallen off and come crashing to the surface.

A distinguished committee of architects has recommended building a new wall of the same architecture so as to completely enclose the old faltering wall. This would eliminate the problem which is caused by expansion and contraction from temperature changes on the old wall. It is exactly the same method which was used a few years ago to preserve the crumbling east front of the Capitol. In that operation the appearance of the Capitol was not changed in any manner and it actually brought the building into architectural balance so that the dome was centered on the building instead of being off center.

But when Congress determined to do the same for the west front, a storm of protest and opposing editorials erupted. The public was given the erroneous idea that an ultra modern front would be placed on the old building which would not blend with the rest of the historic building.

The United States Capitol has been built in installments. Originally it was a smaller domed structure until a major change was made about the time of the Civil War when the House and Senate wings and the huge dome were constructed. (Even today in the lower basements one can find the remnants of Civil War ovens which baked bread for the Union Army troops and which have now been covered by remodeling.) At that time it was planned to extend both the east and west fronts to give the building architectural balance. So, in a sense, the current proposal is only the completion of what was originally planned.

Nevertheless some sentimentalists claim that the building should be untouched and unchanged. This is totally unrealistic unless they would like to see a padlock on the Nation's Capitol with access denied to the taxpaying public. If the American people are to have the privilege of seeing their Capitol in safety, it must be repaired.

All oral bids from persons not submitting written bids shall be accompanied by a deposit in the form of cash, cashier's check, certified check, or the equivalent, in the amount of ten percent of the minimum price specified in this resolution. No bid shall be considered unless such deposit is enclosed or provided therewith.

4. Written bids shall be on forms provided by the County and the bidder must designate in such bid which payment option he chosen. Before accepting any written bid, the Board of Supervisors shall call for oral bids. Any oral bid must exceed by at least five per cent the highest written bid. In the absence of written bids, the minimum oral bid shall be in the amount specified in paragraph 1. Final acceptance of an oral bid shall not be made, however, unless such oral bid is reduced to writing and signed by the offeror on a form provided by the County and indicating therein which payment option has been chosen.

No commission shall be paid unless there is contained in or with the sealed proposal the name of the licensed real estate broker to whom it shall be paid. No commission shall be paid in connection with a successful oral bid unless the oral bid, when reduced to writing, states in or with such written document the name of the licensed real estate broker to whom it shall be paid.

5. The County may accept the bid of the highest responsible bidder (written or oral) or may reject all bids, as well as waiving any and all defects or informalities in any and all such bids. Any sale may be cancelled at any time prior to the recordation of the deed, in which event all monies deposited shall be refunded without payment of interest. In determining the highest proposal, the Board shall not subtract therefrom any commission to be paid in accordance with paragraph 12 hereof.

6. Within sixty (60) days of the date of acceptance of the bid by the Board of Supervisors, the successful bidder shall (a) increase his deposit to twenty-five per cent (25%) of the amount of the bid in favor of the County of Santa Clara, and in addition, (b) deliver a cashier's check, certified check or the equivalent in an amount of the Real Property Transfer Tax payable to the County Recorder of the County of Santa Clara.

7. Upon receipt of the additional deposit and payment required in paragraph 5, the successful bidder may, in the alternative, meet either of the following terms:

(a) The balance of the purchase price to be paid in the form of cash, certified check, of seventy-five per cent (75%) of the amount of the bid, payable in escrow within ninety (90) days after the date of acceptance of the bid by the Board of Supervisors; or

(b) The balance of the purchase price (seventy-five per cent of the amount bid) to be evidenced by a promissory note by the successful bidder naming the County of Santa Clara as payee or obligee, such evidence of indebtedness to be secured by a first deed of trust (as a first security interest) covering the entire parcel being sold. Such note shall bear interest at the rate of seven per cent per annum to be payable on or before eighteen (18) months after date of recordation of deed. The deed of trust shall contain a clause providing for acceleration upon the alienation of title.

Upon receipt by County of all documents and money provided for in (a) or (b) above, and upon the recordation of such deed of trust, County shall record a deed in favor of the successful bidder.

8. Until the execution of and delivery to the successful bidder of the deed, the successful bidder acquires no right, title or interest or equity in or to such real property.

9. A failure of the successful bidder to increase the deposit or furnish the Real Property Transfer Tax provided for in paragraph 6 above, or a failure to comply with the provisions of paragraph 7 or any other provisions of this resolution shall give County the option to terminate the sales proceeding and retain from such deposit any and all expenses incurred by it and attributable to such sale proceedings.

10. The sale shall be without warranty, express or implied, and shall be subject to all liens, easements and encumbrances, whether of record or not, as of the date of recordation of the deed. The County of Santa Clara does not guarantee the condition of the property, nor does it assume any responsibility for its conformance to codes or regulations of the State of California or the city or county in which the property is located. It is the successful bidder's responsibility to determine all applicable building, planning and zoning regulations relative to the property.

11. Any and all expenses incurred in the transfer of title to such property to the successful bidder, including title insurance, escrow charges and Real Property Transfer Tax shall be paid by the successful bidder, with the exception that the County of Santa Clara will pay for the preliminary title report previously referred to.

12. In the event a commission is to be paid in accordance with the provisions of paragraph 4 above, County shall pay a licensed real estate broker commission in the maximum of six per cent of the purchase price, such commission, however, to be paid only in the event that the Board of Supervisors accepts a bid, only out of monies received by the Board of Supervisors for the sale of the property, and only after recordation of the deed. Such commission shall be paid as follows: Three per cent of the purchase price to the licensed real estate broker submitting the highest acceptable sealed bid and three per cent of the purchase price to the licensed real estate broker submitting the successful bid.

BE IT FURTHER RESOLVED that Wednesday, June 25, 1969, at the hour of 10:00 o'clock a.m. at the office of the Clerk of the Board of Supervisors in Room 524 in the County Administration Building, 70 West Hedding Street, San Jose, California 95110, is hereby fixed as the time and place at which sealed bids, in writing, for the purchase of such property will be received. College board approves plans for third Saratoga building

The Board of Trustees of West Valley College Thursday night sent the final plans and specifications for the third major building on the new Saratoga campus–the Language Arts-Social Sciences Building–on to the Chancellor's office for California Community Colleges and the Office of Architecture and Construction in Sacramento for examination and approval.

Action came following a brief presentation of the plans to the Board by the District's architects, Reid and Tarics of San Francisco.

Architect John Reid told the Board he expected the plans will be returned in about six weeks, at which time they must then be referred to the U. S. Department of Health, Education and Welfare, since Federal funds are also involved in construction costs. Unofficial estimated total cost of the building is $1,650,000 with the State and Federal Governments sharing costs with District funds.

The plans, which were due to be presented to the board as per agreement, on May 1, were right on schedule, it was pointed out, and Board Chairman Jack Armstrong complimented the architects on the good relationship that has evolved between the college and the architectural firm in the development of the Saratoga campus. It is hoped the building will be ready for occupancy during the fall semester of 1971.

The board referred to the President, Dr. Wallace W. Hall, and a committee of the Board to be appointed by the chairman, a proposal from the Mexican-American Citizen's League of Santa Clara County to bus students, particularly from the Alviso area, who might want to attend West Valley College, but now have no means of doing so. Dr. Hall and the Committee will meet with Mr. Jess Tores, president of the League to discuss the proposal.

The board also complimented the college chapter of the California Junior College Faculty Association, after its president, Robert Rowe, reported that it was expected that $1,000 in Dr. Martin Luther King Jr. scholarship funds would be cleared from a pancake breakfast sponsored by the chapter on the Saratoga campus recently.

In other matters, the Board:

1. Agreed to meet with the West Valley College Advisory Board to formalize a role for that group.

2. Revised its Policies and Procedures relating to appointment of Division Chairmen to provide their two-year terms to begin with the opening of the Spring semester, and they be selected from among three candidates whose names are submitted by the respective divisions to the Superintendent.

3. Authorized appointment of the following faculty members for the 1969-70 school year: Donald Cefaloni, librarian; Duane W. Fish, chemistry and mathematics; Winston Miller, speech; Edward C. Hallberg, art; Donald R. Peckham, physical education; Margarita P. Smith, counseling; Marvin E. Spohn, librarian.

4. Hired Miss Toni Carrell as a typist clerk in the Office of Community Services, and reinstated Mrs. Paulette Andersón to a similar position in that office, effective May 15, following maternity leave. The Board also accepted the resignation of Mrs. Jacqueline M. Ahlstrand as a typist-clerk in the Admissions and Records Office.

5. Authorized the sale of three surplus automobiles by public bid on May 28.

6. Renewed a lease agreement with Ralph G. Pfaff for faculty offices at 106 N. Third St., Campbell.

7. Entered into an agreement with Foothill Junior College District for use of the new pistol range on the De Anza campus by the students in the West Valley College Police Science program, at an estimated cost of $2,500 annually.

8. Appointed Jack Cousins, vice- vice-president, Saga Food Management Corporation, as member of the Food Services Advisory Committee.

9. Approved claims totaling $158,751.64, including $63,184.05 as a progress payment to the Barnhart Construction Co. for the Mathematics-Science Building.

10. Authorized the submission of a protest to the State Alcohol Beverage Control Commission relative to the application for a transfer of a liquor license utilizing property at 1784 N. Winchester Blvd., Campbell, because of its close proximity to the college.

CONGRATULATIONS--- Linda Grevasi, on the right, a pupil at the Campbell Beauty College, is receiving congratulations these days on having placed third in the Day-Time Hairstyling Competition held at the recent 22nd Annual West Coast Spring Hair Style Show in San Francisco. With her, holding the trophy, is her model, Barbara Black, 933 Robin Lane, also a student at the Campbell Beauty College. Linda received her training under Glen Vargas, one of the instructors at the college, according to owner Mark Bishop. The competition was held for students having less than 800 hours of study.

Ellis B. Langley, division manager, Pacific Gas & Electric Co., was named 1969 campaign chairman for the Central Area of the Santa Clara County United Fund.

Appointment was made by Robert U. Skibinski, vice-president and general manager, Pacific Telephone & Telegraph Co., and president of the United Fund Central Area Board of Directors.

Langley served as chairman of the United Fund's Commerce and Industry Division last year, is president of Goodwill Industries and vice-president of The Association of Metropolitan San Jose.

He is a member of the San Jose Rotary Club, a director of the Better Business Bureau, the Boy Scouts of America, the Santa Clara County Taxpayers Association, and vice-president of the Santa Clara County Chambers of Commerce.

He is married and has four children.

Langley's appointment was announced following a discussion of the "Fair Share" program slated for the 1969 campaign.

The Fair Share program calls for a one per cent salary donation of all employees earning $10,000 annually, and for employee contributions of one hour's pay per month, with a minimum of 75 per cent employee participation.

"VERY SPECIAL" AWARDS--During the fun portion of the third annual police dinner, with Police Chief John Morgan as MC, various people were especially "honored" in a kidding fashion.

In the picture on the far left, Bob Culp, Campbell High principal, receives a special wig from Chief Morgan; in the center picture, George Vierhus, editor and publisher of The Press, noted for his even-temper on and off the golf course, gets a special "tantrum mashie" from the chief, a club that bends at will but doesn't break.

In the other picture, Father John Lally, pastor of St. Lucy's, because of the recent change in the status of saints, receives a St. Christopher medal with an added feature, a rabbit's foot.

In the center picture the Rev. W. H. (Ben) Gould has his back to the camera. Others in the picture include Mayor and Mrs. Homer Hyde, Mrs. John Morgan and Mrs. Gould (partially hidden).

During the serious portion of the program District Attorney Louis Bergna gave the principal address and also received the citizen-of-the-year award for a man and Miss Christine Flynn, dean of girls at Campbell High, for women. Miss Flynn has accepted the position of dean of girls at the new Skyway J.C. in San Mateo County.

Officer Bob Lockwood received the officer-of-the-year citation and Frank Doughty the award for the reserve officer-of-the-year. Dr. Richard Jacobs, with offices in Campbell for many years and the official "city" doctor, who plans to live in Israel also was given a special award by the police.

Approximately 120 citizens were guests of the police department at the dinner, a feature of Police Recognition Week. But in Campbell the police annually "recognize" the citizens for their support.

State official to speak at dinner

Carson "Casey" Conrad, chief of the Bureau of Physical Education and Athletics, State Department of Education since 1954, will be the featured speaker at the Westmont High School spring sport awards night to be held on Monday, May 26, at 7:30 p.m. in the school cafetorium.

Conrad, who has been named many times as one of the United States top fitness consultants as State Director, is responsible for developing, directing and coordinating the program of physical education and athletics for approximately five million pupils in the public schools of California.

The California Legislature in 1965 commended Conrad by resolution "for the recognition justly accorded him by Presidents John F. Kennedy and Lyndon B. Johnson for the national acclaim given the California program of athletics and physical education under his outstanding leadership."

In 1966 he was named by the U.S. Junior Chamber of Commerce as one of America's top three Physical Fitness Award Winners (receiving $1000) and cited for being the "Author of the U. S. Printing Office's all time best seller ADULT PHYSICAL FITNESS".

The evening program will honor the baseball, track, golf, swimming and tennis squads of Westmont High School, coaches and parents.

Parents invite Royer to speak at St. Lucy's

Neal Royer, Campbell Union (elementary) School District superintendent has been invited to speak before a group of St. Lucy's Parochial school parents Wednesday, May 21, on the subject of "What effect would the closing of Parochial schools have upon the public school system and the community?"

The meeting is open to any interested parishioner and will start at 8 p.m. in Kennelly Hall. The possibility that the parochial schools may be closing in the distant future would mean that the children now attending the school would have to be absorbed into the public school system.

According to Royer he will be able to assure the St. Lucy's parents that the local school system could handle the children, with proper planning and advance warning when such a move would take place and how many children would actually be in the Campbell school district.

Royer will be able to point out school sites and expound on the possible use of portable classrooms if necessary.

Campbell hikers complete 25 mile Sunday march

Over 1,000 pedestrians, participating in the American Freedom from Hunger Foundation march, walked through Campbell Sunday afternoon as part of the 25 mile hikers route in which the hikers were sponsored by persons signing to pay anywhere from two cents to $10 a mile.

Finishing first was Douglas Campbell, a Campbell High School student, while Dr. C. V. Smith, Campbell veterinarian, finished sixth, after jogging 18 of the 25 miles. His daughter, Melanie, 14, a student at Camden High, also finished, but her number was 182. Dr. Smith, who is 41, was one of the few "over teen-agers" to finish the course which started and ended at Santa Clara urban renewal area.

Other Campbellites taking part in the march included Rev. Anthony Wayne Myers of the Congregational Church of Campbell and his family.

proved six-acre school district parcel that also can be used for recreational purposes as part of the central park complex.

In all there will be more than 23-acres in the central park area that can be utilized by residents of the entire community for recreational purposes.

Of the bond money, $201,000 has been earmarked for the acquisition of the eight-acre Hiatt & Zolezzi parcel on which a 288-unit apartment complex will be constructed unless the city acquires the land.

The county property is estimated to cost $31,000 while $200,000 of the funds raised by the bond issue will go into planning and development for the parks.

The cost of election and other incidental expenses involved has been set at $13,000 making the total package of $625,000 which will be up for electorate approval on June 10. It will take two-thirds favorable majority to pass the issue.

What "scares" the civic leaders who have watched the community develop over the past decade is that open space property within the city limits suitable for parks or recreational purposes has almost entirely disappeared.

The eight-acre Hiatt & Zolezzi property, for example, adjacent to Rincon Park, if allowed to develop into apartment complex, will virtually eliminate the value of Rincon Park as a recreational area.

The four-story apartments that are planned, would even curtail the use of the modern Campbell-Moreland Pony League baseball field now in the park.

The field was built with city cooperation on city land with most of the labor and materials donated and is rated as one of the best in the valley.

It opened for the 1969 season on May 10 and regional playoffs have been scheduled for it in late summer.

The 75 vehicles will be on display starting at 8:30 a.m.

Letters to the Editor

FAMILY LIFE

To the Editor;

As an organization designed to help meet the needs and concerns of our families and school, the Governing Board of the Hazelwood Home and School Club wishes to make the following recommendations to parents in regard to the pilot program in Family Life Education in the Campbell Elementary School District.

1. Before accepting or condemning the Family Life Education program be sure you have all the facts available. Facts from a reliable source such as your principal or a representative from the district office. These people have first hand knowledge of curriculum content or can obtain the information for you. There are no secrets being withheld from parents.

2. The rumors that have been circulating over the past weeks and months are very interesting but are not based on an informed source. If you have ever tried to track down the source of a particular story you know how many times the content changes and the number of people who have passed the story on. Obtaining the facts on the Family Life Education program is as easy as a phone call to the district office and your school; or if you wish, a visit at an appointed time so you will be assured of having someone's undivided attention to your inquiry.

3. We encourage rational critical questioning of the program but remember, an antagonistic attitude developed as a result of unfounded rumors does not produce a constructive atmosphere for obtaining answers to your questions. Our administrators, principals and teachers are human too. Be as thoughtful of them as you expect them to be of you.

4. If you feel more should be done to bring the proper information to the parents of your school, ask that your PTA or Home and School Club take the steps necessary to accomplish this. The district office will assist you as will your principal.

Campbell parents have an opportunity to be the most informed group on education in the county because our school board, school administrators, principals and teachers are anxious for us to be informed. Let us respond to this invitation so we won't be subject to the emotional turmoil and unrest induced by misinformation. Constructive criticism comes only after having a knowledge of the facts. When this is achieved we all know we are talking about the same thing.

At this time we would like to encourage our Board of Education to support the implementation of our own Family Life Education program in the Campbell Elementary School District that will be constructed according to the guidelines set down in the resolution adopted by the State Board of Education.

Ambulance men deliver premie baby at home

Campbell Ambulance personnel Ed Baer and Roger Bruckner are almost to the stage of passing out cigars, they are that proud of a tiny baby girl who was delivered by them on May 13 at 3:57 a.m.

Mrs. Eleanor Smith, 2954 S. Bascom Ave. was not expecting her second child for at least six more weeks, when the baby announced in no uncertain terms, "ready or not, here I come". Mrs. Smith called the telephone operator for help, who in turn called the County Communications Service who dispatched the ambulance to the Smith residence.

When the two men arrived on the scene, it was already too late to think about a trip to the O'Connors Hospital, where Dr. Leon Fox was standing by.

Within a few minutes Baer was delivering the premature baby girl and Bruckner assisted. The baby had a slight obstruction in her throat which they were able to clear, thanks to the first aid movies they had watched, and within a few minutes mother, baby and two happy young men made a fast trip to the hospital with a police escort leading the way.

The tiny infant weighed in at three lbs., 15 ounces, and is doing well at last report.

Baer now has two deliveries to his credit while Bruckner can add up seven, but they both admit that this is the smallest one they had been involved with.

Pry artists hits local offices

Kirkorian Developments, 1820 W. Campbell Ave. was one of the latest victims of the "prying burglar", with nine offices within the building being pried open and searched. Apparently the burglar entered the open east door of the complex and remained in the building until after closing hours, and then, at his leisure, pried open the office doors and searched for loot.

The Campbell Elementary Teachers Association reported a loss of $50.86 in currency and the other offices were going to submit a report after their records had been checked.

Even the Quito Little League "Snack Shack" at the San Tomas School was broken into over the weekend and approximately $20 worth of candy taken from the concession shed.

And what's a dune buggy without rear wheels and an engine? Santos Aparico carefully locked his dune buggy inside the building at 861 Mc Glincey, only to find that the building had been broken into, the buggy pushed outside, and the strippers had removed the engine and wheels, valued at $310.
